

® **Glutoclean**

Oven Cleaner

Features:

- Adhesive gel
- Removes baked-on crusts and dirt
- Also suitable for grill grates and pans

Effect

Quickly and reliably dissolves even stubborn and burnt-on encrustations, grease and cooking residues from food and oily dirt. No heating required. Strong effect even on vertical surfaces thanks to gel structure.

Area of application

For all ovens, fan ovens, built-in ovens, baking trays, casserole dishes, pans, pots, grill grates and viewing windows.

Application:

Only use on cooled surfaces! Spray evenly onto the dirty surface and leave to work for 10 minutes. Remove residues with a cloth or kitchen towel. Rinse with clear water and rub dry with a clean cloth. For stubborn dirt, repeat the process and extend the application time if necessary.

Note:

Follow the oven manufacturer's care instructions. Protect the area around the surface to be cleaned from contact with the product. Rinse with plenty of water if necessary.

Technical data:

Ingredients: non-ionic surfactants, anionic surfactants

side, fragrances

Density: approx. 1 g/ml

pH value: >12

Appearance: whitish liquid Odour: characteristic, pleasant

Storage:

Store containers tightly closed and in a cool place, but not in frost.
