

# <sup>®</sup>Glutoclean

## Facade Cleaner PROFI

### Properties:

- Aqueous special biocide cleaner for facades, roofs, terraces, garages, fences, walkways, etc.
- For professional painters
- Self-cleaning
- Deep-acting
- Odourless
- Ideal for sprayers
- ready to use

### Effect

Automatically removes organic contamination such as algae, mould and fungal growth. Prevents new microbial deposits.

### Area of application

For mineral surfaces (such as concrete, plaster, stone, brick, patio slabs, tiles, ceramics, etc.) as well as for glass, roofing felt and similar substrates in outdoor areas.

### Application:

The surface to be treated must be dry and warmer than +5 °C. Apply the facade cleaner generously using a suitable low-pressure sprayer, garden sprayer or brush and leave to work for at least 36 hours. As a rule, no further treatment of the treated surface is necessary. Only in cases of very heavy soiling may it be necessary to remove the residues with a brush or repeat the application. The treated surface only needs to be rinsed with water if necessary, and the dirty water must be collected in accordance with legal requirements. Clean tools after use. Do not allow to enter drains or waterways.

### Consumption:

1 litre is sufficient for approx. 10 m<sup>2</sup>

### Technical data:

Ingredients: Quaternary ammonium salt, additives and water.  
Density: approx. 1 g/cm<sup>3</sup>  
pH value: approx. 10.5  
Appearance: clear liquid, colourless  
Odour: Characteristic

### Storage

Store containers tightly closed and in a cool place, but not exposed to frost. Keep out of reach of children.

Please refer to the safety data sheet for safety-related information. Current safety data sheets are available on our website [www.glutoclean.de](http://www.glutoclean.de) or at [sds@glutolin.de](mailto:sds@glutolin.de).
